

96 Particle Counter with 2.0" color TFT LCD display provides fast, easy and accurate readings for particle counter & particle mass concentration with air temperature & relative humidity measurements. It is the first combination of these measurements in global, would be the best instrument for environment protection and energy save. The dew point temperature measurement will be very visible for wet and dry proof.

96B provides particle counter, air temperature, relative humidity with Bluetooth interface.

96H provides particle counter, air temperature, relative humidity & HCHO Measurement.
